**EMPLOYMENT OBJECTIVE:**

A long term career in web development and graphic design, joining modern techniques and creative designs.

**EXPERIENCE:**

**SKJ International (Self-employed)** May 2015 to present  
Akron, Ohio

CEO / Software Architect / Project Manager:

Over the past 5 years I have worked as a self-employed web developer and internet marketer on various projects ranging in size and scale. At times these projects have required the onboarding and utilization of sub-contracted graphic designers, content creators, both front and backend development specialists and the forging of lasting relationships with affiliate marketers. My company has created, promoted and sold both digital and physical goods to customers all over the world through state of the art internet technologies.
